

## Construction Timeline: MINNEAPOLIS

# READY FOR RAIL

The Metropolitan Council is committed to keeping you informed about construction schedules throughout the project. (See the “Construction Communication” brochure.)

This map shows the planned construction timeframes for the segments of the Line. Construction work on roadways is expected to begin by the “start” date and be substantially completed by the “finish” date.

Within the overall schedule, the timing of work on a specific block within each section will vary. As your construction start approaches, you will be notified:

- 1 month before construction begins
- 72 hours before scheduled utility shutdowns
- 72 hours before roadway or driveway closures
- Weekly, with construction updates
